2. Transportation vessels

Tug boat	[Shincho maru]	2,096t	7,500PS	Phone : +81-90-3022-9080
Tug boat	[Seiyo maru]	475t	6,000PS	Phone : +81-90-3023-1776
Tug boat	[Seiwa maru]	309t	5,220PS	Phone : +81-90-3022-0674
Assist boat	[Syoyou maru]	279t	4,000PS	Phone : +81-90-3026-2346
Assist boat	[Meiyou maru]	245t	4,000PS	Phone : +81-90-3022-6961
Escort boat	[23rd Take maru]	279t	4,400PS	Phone : +81-90-3026-2768
Escort boat	[Murotsu maru]	273t	4,400PS	Phone : +81-90-3022-4852
Towed ship	[7MW Floating Offshore Wind turbine]	Length 85m, Height 202m, Draught 3.5m		Phone : -----

3. Transportation route, Length of the fleet and Transportation speed

4. Safty measure

- Escort boats equipped with AIS, International VHF Radio System, Maritime Telephone and Radio System will be deployed in front of the fleet and behind the fleet.
- Escort boats will monitor traffic and sea condition which are necessary for safe transportation through the transportation route.
- Escort boats will furnish the tranportation information to ships nearby and secure the safety of the transportation.
- In case of accident, Escort Boats will secure the safety of human life and prevent the spread of accident impact and secondary accident.

We will strive to secure safety during transportation and please understand and cooperate our transportation work.
